

Dear Parents and Players,

Our club and Tennis Victoria have joined together in getting a junior social program up and running called TENNIS 4 TEENS. It's a fun, social, non-competitive and stress-free program designed by teens, for teens. Last year the club ran a girl's only event (which the boys weren't happy about) and it was very popular with all the girls.

The program will run for 6 weeks over term 2. The kids don't have to attend every session.

Our first session will be a social hit of tennis and then something to eat afterwards. The group on this day will map out what other activities they would like to do on the remaining 4 out of the 5 sessions. The 4th session will be our first junior v parents trivia night. (see below)

I have spoken to most of the kids at coaching and they all sounded very excited about the program.

The kids will have to create an account and register into the dates below.

Register at www.tennis.com.au/tennis4teens then jump on and book in a session.

Regards

Dave Theuma
